Dear Mr. Amick and Mr. Bonck:

This letter is to acknowledge our receipt of the Fairburn Mining and Exploration's NOI, on April 3, 2009. The Notice covers using a back pack drill to take 1" diameter core samples at vein intersects and rock outcroppings on various claims, listed in the Notice and on an attached map.

Upon review, we have determined that the actions you propose do not cause significant ground disturbance, so a Plan of Operations to cover this activity is not required. You may proceed with the exploration.

Please notify Patti Turecek, 303-567-3011, if any changes to your original Notice is expected.

Sincerely,

DANIEL A. LOVATO
